### Old Business:

- 1- The ongoing light saga was brought up by Marlene who is on the street light committee. A light was requested for Meggison's Corner.
- 2- A "Childrens Playing sign as well as speed limit signs were requested of the town. Was stated we must wait for a State decision.
- 3- Fire hydrant topic - It seems there was no appropriate site selection to be agreed upon by all involved. We learned Victor Zellman appropriated 500. of his own money to the town for payment of hydrant.

It now seems the selectman have agreed that Rt-160 would be a good location because of good access year round and the depth of the water. However there has been no time set for the actual installation of said ~~dry~~ hydrant.

- 4- Mosquito Control: A brief discussion on dragon

Miss brought up by Mae Hazon.

- Bat houses were discussed as a means of offering affordable housing to bats which are a natural mosquito controller.

Walt Novak agreed to get Blue prints of bat house for us.

### New Business:

- 1- Ken Osgood brought some papers and pamphlets on pollution and building ~~on~~ near a body of water.

Among ~~these~~ ~~was~~ is the 33 page "Permit by Rule Standards".

- 2- Gypsy Moths. A discussion was started by Marlene concerning spraying with B.T. which is supposed to be non toxic. It was added this, if agreed upon, should be done by everyone on or about June 10<sup>th</sup>. Following an informal discussion and vote, the majority's feelings ~~was~~ were against spraying.
